[What is Medicare? What is Medicaid?](#)

This file describes the Medicare and Medicaid programs in clear, simple language.

New Medicaid Fact Sheets Available

Millions of people are eligible for Medicaid and the Children's Health Insurance Program (CHIP) and they need to be connected to the vital health benefits these programs provide. Medicaid and CHIP enrollment is year-round and is not subject to an open enrollment period. Eligible individuals can enroll at any time and get coverage right away.

To help support outreach and enrollment efforts, the Center for Medicaid and CHIP Services has developed Medicaid Fact Sheets to help consumers understand the basics:

Who is eligible for Medicaid and CHIP? What benefits do the programs provide? How can individuals enroll? Click [here](#) to view these fact sheets in English and Spanish, along with instructions on how to customize them with your phone number, logo and other information for your clients.
